Guidance Office

In anticipation of Federal Funds for summer jobs for youth, the Quincy CETA Youth Work Experience Program is issuing this request for Project proposals.

All public and private non-profit agencies in the Quincy CETA area are encouraged to submit a plan for a summer work project which would provide full time (30-hours per week) constructive work experiences to groups of young people ages 14-22. Plans should outline the need for the service, number of employees required and the method by which the work will be completed. Project supervisors and youth wages will be provided by the Quincy CETA Program.

Projects concerned with community improvement and social services provision will be given priority consideration.

The summer youth program operates through July and August and serves the following cities and towns:

Braintree	Holbrook	Norwell	Scituate
Cohasset	Hull	Quincy	Weymouth
Hingham		Randolph	

Please be advised that the funding of any project is contingent upon the receipt of appropriate federal funds by the Quincy CETA Program.

All project outlines or inquiries should be sent to:
